The questions were given in and out of the syllabus. The four houses Red, Green, Yellow, and Blue were seated in their groups and asked numerous questions. We had an individual rounds and buzzer round where the students answered the questions with vigour. The competition was fun and equipped with knowledge. Students gave their best to win scores for their houses and we had green house as the winner of the day. The day showed the individual responsibility of the members and dedication over winning.

# Social Work Done By Students

# Nature is a boon to Humankind

Nature abounds with miracle, mysteries and miracles. The trees, animals, fruits lakes are beautiful and mesmerizing parts of nature. We need to love the motherland. We had A Day with Nature. Students decorated themselves with the mask of birds, animals, trees and fruits and flowers. First we had the plantation of fruit saplings and later students individually talked about the mask that they were wearing. We had students who were taking about deer, tiger, apple, mango and the kids enjoyed. Wearing the lower masks. Wonderful hibiscus flower made in red. After the individual display of masks was finished we had a photo session Fr. Principal blessed the students and encouraged them to save our nature and motherland.

We congratulate Shouryya Ghosh of UKG and Shezan Ali of LKG for obtaining Bronze Medal in 6<sup>th</sup> International Karate Championship 2022.
